

Mid Year Meeting (MYM)

The Mid-Year Meeting provides an opportunity for the Officers, Area Vice Presidents, Committee Chairs and Past Presidents to review committee reports in preparation for the Annual Meeting. In addition, the informal setting provides an opportunity to update participants on what is happening within the Association and review emerging issues; take advantage of the experience and knowledge of others; coordinate overall efforts; share activities, goals, objectives and results of each participant; and to meet with Chevron management with whom the Association interfaces.
