**PLEASE NOTE**

The Association's plans and budgets are based on dues received from the Chapters. Thus, it is important that each Chapter transmit dues to the Association for every member, regardless of when the member paid his/her dues, or the year to which the dues may apply locally.

By CRA resolution, expenditures for the Chapter President to attend both the Area Executive Meeting (AEM) and the Annual meeting will not be reimbursed, if in the opinion of the Area Vice President, the chapter has not made substantial dues payments by March 16. Since the CRA employs a "fiscal year" basis ending June 30, it would be appreciated if a **final dues transmittal is sent by June 15**.
