

Shared Practice for Chapters needing fill-in for vacancies in typical Board member roles

A shared practice offering, based on success at the Singing River Chapter in the Gulf Coast Area

CREATE A CHAPTER ADVISORY COUNCIL

- * Invite Chapter members to serve on the Council/Board
- * Hold Quarterly meetings for planning Chapter Luncheons, outings, events, etc.
- * Ascertain interest of Council/Board members filling Chapter vacancies (but not required)
- * Invite local Chevron Office (as available) to attend and participate
- * Provide opportunities for the Council members to serve/assist with Membership/Recruiting/Lunch Reservations, etc.

The Advisory Council / Board: consists of members of the Chapter, with or without previous Officer experience, who are willing to meet, as a group, brainstorm, share the workload, offer Agenda items, propose community events and assist with these ventures out of a willingness to do so in support of the Chapter's growth and best interests. But they have not made a commitment of service on the Chapter Board.

The back story - the SR Chapter had several vacancies occur over the Spring/Summer of 2022. By virtue of this "Council/Board" concept, they were able to fill the Chapter Presidency, the Vice-Presidency, and the Treasurer either from the Advisory Council or members who were contacted by the Advisory Council to serve with the Chapter Board.
